# Checkmaster Gauge

ISO The best tool of length calibration

Innovation Design Manufacture

## KING KONG Series

Taiwan patent

German patent

- For calibrating accuracy of height gauge, CMM, and inspecting linear accuracy of machine tool.
- Made of heat treated hardened tool steel, hardness: HRC58-62
- Including wooden case, quality warranty, and JCC calibration report comply with ISO 9001 measuring traceability & ISO/IEC 17025 accreditation.

Model No.	Calibration Range	Calibration Point	Accuracy
CMG-9030H	300mm	Pitch : 10 mm Step : 20 mm	±0.0020mm
CMG-9060H	600mm		±0.0035mm
CMG-9100H	1000mm		±0.0050mm

\*Can be place vertically, horizontally, and sides.

\*Must be placed in the best temperature controlled environment within 20 ±1°C
